CITY COUNCILMEMBER –DISTRICT 5

## MEMORANDUM

DATE: April 14, 2011  
TO: Ken Whitfield, Comptroller  
FROM: Carl DeMaio *Carl DeMaio*  
RE: Public Utilities Department Employee Overtime Data Request

---

Overtime pay increases payroll costs and makes projects more costly than they would be otherwise be. Overtime must be justifiable, and practices that cause employees to work overtime without justification must be ceased.

In the interest of the City Council's oversight of Public Utilities Department operations, please provide my office with a list of every monthly overtime payment for every Public Utilities Department employee that received an overtime payment during FY 2009, FY 2010, and FY 2011.

Should your office have any questions, please do not hesitate to contact Frank Prewoznik on my staff.

Thank you for your prompt attention to this request.
